

Managing Aggression and Challenging Behaviour Policy

At Naíscóil na Seolta we aim to encourage a positive environment where children can grow and develop together happily, and where aggression and challenging behaviour are tackled with sensitivity according to the needs of the child, through a range of strategies encouraging positive behaviour.

We aim to provide:

- A stimulating and safe environment.
- Positive adult/ child relationship
- Behaviour management strategies

At Naíscóil na Seolta we aim to work in partnership with parents and outside agencies to develop and promote strategies which will enable and facilitate positive relationships. Staff will continually update their knowledge of relevant strategies and guidance, and report to their line manager.

In cases where challenging or aggressive behaviour may have a damaging effect on other members of the Naíscóil community, the Naíscóil managers will liaise with the Social Services and Gateway Team and seek appropriate advice and intervention strategies .

This policy should be read in conjunction with the Behaviour Policy and Procedures and the Bullying Policy

This policy will be reviewed annually by the management team to ensure it remains fit for purpose.

This policy was adopted by **Naíscóil na Seolta** management team.
